IMPLEMENT FULL TIME EQUIVALENT (FTE) SERVICE MODEL

GOAL

Benefitting our clients by implementing FTE business model to overcome various operational challenges.

CHALLENGES WITH CONVENTIONAL MODEL

- Managing the collection of safety information from all the sources, especially unsolicited
- A constant fluctuation in case volumes
- Non availability of man-power approval with limited resource liability
- Maintenance of continuous compliance especially during the turmoil of high influx of ICSRs.

FHS SOLUTION OFFERINGS

- Offering the unique FTE model as Functional Service Provider strategy.
- Quick adoption of requirement, scrutiny of candidates as per role, on-boarding and resource deployment
- **Delivery 02 options:**
  - Functioning on client's system at client site
  - Adopting client's system at FHS site
- Ensuring employee retention and other HR related activities
- Flexibility in absorbing the resources to other projects on completion of task/project
